

2023 Ontario Bean Dealers

License fees for the 23-24 season are \$6.50/MT. The Ontario Bean Growers (OBG) reviews the license fees in July of each year. OBG is regulated by the Ontario Farm Products Marketing Commission and as such requires bean dealers to deduct from the money payable for the beans they buy, the corresponding license fees owed to OBG by the grower. The dealer will remit, on behalf of the grower, the license fees to OBG.
